

CUMBERLAND PEDIATRIC FOUNDATION

January 19, 2012

TO THE PEDIATRICIANS AND MEMBERS OF THE CUMBERLAND PEDIATRIC FOUNDATION

Message from the Division of Pediatric Urology

As I am sure you know the AAP has recently published new guidelines for the management and treatment of urinary tract infections. There have been a lot of questions concerning how to appropriately utilize these guidelines in the day-to-day practice of pediatrics. To that end, the Divisions of Pediatric Urology and Pediatric Nephrology at Vanderbilt Children's Hospital have met and reviewed the individual aspects of the guidelines in an effort to provide a consensus on how we think these guidelines should be interpreted for the individual children we care for. Our recommendations are based on data from the literature, the AUA guidelines, the Swedish reflux study, the AAP guidelines and our collective experience. I hope this compilation of information will be helpful to you in your practice. Please let us know if we can be of any further assistance with these interpretations.

Please go to the CPF website to review these guidelines (click [here](#))
or call the CPF office and we will be happy to mail them to you.

Sincerely, Division of Pediatric Urology

John W. Brock III, M.D., Director,

Mark C. Adams, M.D., John C. Pope IV, M.D., John C. Thomas, M.D.

Stacy T. Tanaka, M.D., Douglass B. Clayton, M.D.

Division of Pediatric Nephrology and Hypertension

Kathy Jabs, M.D., Director

Tracy Hunley, M.D.

Deborah Price Jones, M.S., M.D.

BRIEF SURVEY

Message from Elizabeth Williams, MD, Vanderbilt Vaccine Research Program

We would like to ask you to complete a brief survey regarding the potential development of a free service for providers to have questions regarding vaccine safety answered by trained individuals and experts quickly and efficiently.

Your individual responses will be kept confidential and the survey results will only be reported in aggregate form.

If you have any questions please contact Elizabeth Williams MD at 615-322-88344 or elizabeth.williams@vanderbilt.edu.

You may open the survey in your web browser by clicking the link below:
