

CUMBERLAND PEDIATRIC FOUNDATION

September 29, 2011

CONGRATULATIONS!

We are happy to announce that CPF Program Coordinator, Katie Allen, wed Corey Neal on September 5, 2011.

Please make note of Katie's new name (Katie Neal) and her new email address (katie.neal@vanderbilt.edu).

Her phone number remains the same (615-936-6056).

Best wishes to Katie and Corey!

FEW TICKETS REMAINING!

VANDERBILT-ARKANSAS FOOTBALL TICKETS

Date: October 29, 2011

Time: TBA

A few tickets are still available for Cumberland Pediatric Foundation physicians to attend the Vanderbilt vs. Arkansas Football Game!

CPF will host a pre-game reception with a complimentary catered meal, beverages and lots of fun on the Gate 2 Lawn outside the stadium.

Half of the game tickets are reserved for community members & the other half are reserved for Vanderbilt members.

Tickets will be distributed on a first-come/first-serve basis, and each member is limited to 2 tickets.

To RSVP, contact Mandy Thompson at Amanda.Thompson@Vanderbilt.edu or call (615) 322-6534.

****Cumberland Pediatric Foundation is pleased to offer this exclusively to our members.**

We thank you for your commitment to our organization. **

CUMBERLAND FOUNDATION TO FURNISH CPT CODING BOOKS TO MEMBER PRACTICES

In an effort to continue to bring value to your Cumberland Pediatric Foundation membership, the Board of Directors of the Foundation has given the Foundation approval to purchase two 2012 CPT coding books per practice.
(Maximum \$200.00)

When you order your books, please make a copy of the invoice and forward that invoice to Carolyn Marlin for reimbursement.

You may fax those invoices to 615-327-1052
or mail them to our address at 1900 Church St., Suite 502, Nashville, TN 37203.

Thursday, November 10th

(Invitations will be mailed next week to all CPF and IPA Members)

Hutton Hotel, Nashville

Speaker: Carden Johnston, MD, FAAP

2004-2005 Immediate Past President American Academy of Pediatrics

PEDIATRIC CARE ONLINE SPECIAL ALERTS

Updated AAP Varicella Policy Statement

The American Academy of Pediatrics (AAP) updated its statement on the prevention of varicella in 2007 and reaffirmed that statement in 2010. The purpose of this brief vaccine policy statement, "Prevention of Varicella: Update of Recommendations for Use of Quadrivalent and Monovalent Varicella Vaccines in Children," is to provide additional data to update these recommendations.

The routinely recommended ages for measles, mumps, rubella, and varicella vaccination continue to be 12 through 15 months for dose 1, and 4 through 6 years for dose 2.

For the first dose administered at ages 12 through 47 months, the AAP recommends either measles-mumps-rubella (MMR) and varicella vaccines administered separately, or measles-mumps-rubella-varicella (MMRV) vaccination.

To view the entire policy statement, visit the [AAP Policy Page](#).

For additional information on varicella prevention, go to [Pediatric Care Online](#).

AAP UPDATES POLIO VACCINE RECOMMENDATIONS

The American Academy of Pediatrics (AAP) has updated its recommendation for the administration of poliovirus vaccines, clarifying the standard schedule for immunization, as well as the minimal ages and minimal intervals between doses, according to a policy statement [published online](#) September 26 in *Pediatrics*.

The AAP statement says that after an individual receives the IPV series of doses, immunity is "long-term, possibly lifelong." However, another recommendation in its statement is that even adults who completed immunization with OPV or IPV early in life get a single dose of IPV if they are at increased risk for exposure to wild poliovirus in 1 of the countries.
