BENEFIT FOR ALL CPF PRACTICES
CPF is thrilled to announce a new collaboration with HealthEWait aka Patients Pagers. HealthEWait exists to reduce waiting room anxiety in a form that educates, informs and inspires. HealthEWait uses mobile technology from restaurant style pagers to digital tablets and smart phones to educate patients while they wait. Current educational campaigns include vaccine awareness, osteoporosis, stroke, heart attack, healthy weight, active kids’ campaign and charity event promotions. HealthEWait has agreed to reduce the setup costs and consultation fees of their healthcare education services for CPF members.

The following discounts apply exclusively for CPF members:
· 20% reduction on the initial setup fee of $99 for an account with HealthEWait.
· 20% reduction on any consulting services. This includes educational or marketing services with HealthEWait.
· Best pricing on all equipment (the price they pay their vendors)
· Complimentary use of the Patients Pagers ITunes app for any practice that signs up with HealthEWait.
Click here to see at 3-minute video describing how the pagers can work for your practice or visit www.healthewait.org.
